# *DEDICATION*

To the man, who in his years of tireless service to our school, has been instrumental in making Blue Ridge School the fine institution it is today. This year's annual staff wishes to dedicate the 1967 ICON to our devoted headmaster,

HEADMASTER  
A.B. Davidson College; A.M.

Each time I observe a rainbow I am impressed anew with the amazing fact that those seven colors of light combine to form ordinary sunlight, which has no color at all. In a similar way I like to think of the school as composed of students and teachers of varying talents, aptitudes, and abilities, each in his own way making a distinctive contribution toward formation of an effective unit. If each contributes according to his ability, everyone involved can take pride in the result, and the school as a whole becomes something greater than the sum of its parts, an institution of which each will always consider himself a part because he has given to it a part of himself. Blue Ridge wishes to foster the wholesome discipline which leads each one to give his maximum effort and thus experience maximum development.

Mr. Singletary

JOHN M. PRESTON  
DEAN  
University of North Carolina; Clemson  
University; A.B. Wofford College.

In his Inaugural Address President Kennedy said, "Ask not what your country can do for you—Ask what you can do for your country." At a time when the seniors of Blue Ridge School go on to advance themselves through various endeavors, this statement would be well remembered. Ask yourselves what have I accomplished? What have I contributed? How have I improved myself and the world around me? Strive always to come up with a positive answer never a negative answer to these questions. Strive to be men that your parents, your school, your country, and mostly yourselves, can be proud of.

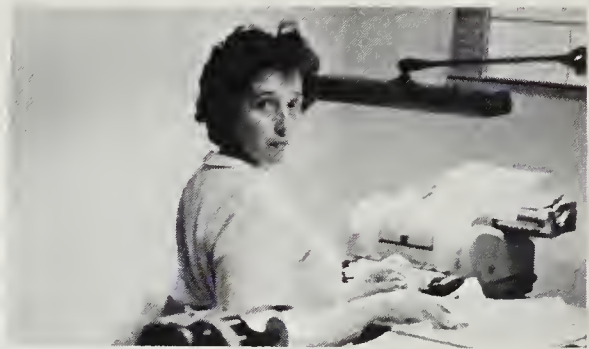

Mr. Preston

## ***IN CONCLUSION***

The class of 1967, confronted with new duties and responsibilities, was charged with setting an example for underclassmen and carrying on the traditions of our school.

Concentrating their efforts during the final year of preparation, the seniors readied themselves for the important transition to college life.

These young men shall leave Blue Ridge and enter a waiting world, which they shall view with that mature insight gained only through knowledge.

With the class of 1967 goes the burden that accompanies privilege and the satisfaction brought by true accomplishment.

Although the Bucks only compiled a 2-8 record against very stiff competition, they showed exceptional team work and desire to win throughout the season. This in itself makes a great team.

The season opened with a win against Spartanburg Country Day, 20-13, and three losses to Hot Springs, Polk Central, and Chesnee. The Cane River game was our second win, 28-6, followed by losses to Charlotte Country Day, Christ School, and a hard fought battle with Patterson School, 14-13, to end the season.

Progress Is Our Most Important Product

OUTDOOR LIGHTING DEPARTMENT HENDERSONVILLE, NORTH CAROLINA

## Reddy To Rock

Reddy Kilowatt never misses a party. In fact, without him, things would be pretty dull. Think of it: no stereos, televisions, electric guitars or ice cubes.

Thanks to Reddy there are over 160 flameless electric servants that make modern living comfortable, economical and fun. When you have a home of your own, there will probably be even more.
